Company Description / Competitive Strengths

Mergers, acquisitions and financial arrangements are commonplace in today's home care market. If you are considering any of these, your success or failure may lie in your due diligence process. Simione Consultants, LLC will provide you with rapid, accurate and superior information on the acquisition and/or financial target. Our team of clinical, operations, IT and financial experts will conduct a comprehensive assessment of critical aspects of the business. We focus on financial performance history, intellectual property, and assess any regulatory risks. Our meaningful due diligence audits minimize financial and regulatory exposure and make good business sense.

Types of Financial Products & Services Offered
